bucaoclark@gmail.com

Address

Natividad, Pangasinan

About Me

Motivated and detail-oriented BSIT student with hands-on experience in full-stack web development, database management, and IT hardware support. Demonstrated ability to build functional, user-centric web applications using PHP, MySQL, and JavaScript. Certified by TESDA and Cisco, with a strong foundation in networking, systems analysis, and software development. Eager to contribute technical skills and a collaborative mindset to a dynamic professional IT environment through On-the-Job Training.

Skills

Languages: Python, PHP, Java, JavaScript, C++, CSS
Database: MySQL
TOOLS: VS CODE, GITHUB, XAMPP, MICROSOFT OFFICE

Others: Networking, Computer Troubleshooting & Repair

2nd Pangasinan PMFC

PERSONAL INFORMATION

Nationality: Filipino
Civil Status: Single
Language: Filipino, English

Projects

Lost and Found System

2024 - 2025

A web-based system that enables students and staff to report and track lost and found items on campus. Designed to streamline item recovery, reduce miscommunication, and improve campus community coordination.

[PHP] [MySQL] [XAMPP] [JavaScript] [CSS] [GitHub]

Space Reservation System

2025 - 2026

A web application that allows students and university staff to browse available rooms, submit reservations, and manage bookings online — with real-time availability tracking and an admin management panel.

[PHP] [MySQL] [XAMPP] [JavaScript] [CSS] [GitHub]
